

## FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—  
Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.) "I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.) "It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:— "Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches.

"But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

CAPT. GRAHAM'S CURE

Sores on Face and Back—Tried Many Doctors Without Success—Gives Thanks to Cuticura.

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them all that Cuticura Soap and Cuticura Ointment did it."

BOX OF WAFERS FREE—NO DRUGS—CURES BY ABSORPTION.

Cures Belching of Gas—Bad Breath—Bad Stomach—Short Breath—Bloating—Sour Eructations—Irregular Heart, Etc.

Take a Mull's Wafer any time of the day or night and note the immediate good effect on your stomach. It absorbs the gas, disinfects the stomach, kills the poison germs and cures the disease. Catarrh of the head and throat, unwholesome food and overeating make bad stomachs. Scarcely any stomach is entirely free from taint of some kind. Mull's Anti-Belch Wafers will make your stomach healthy by absorbing foul gases which arise from the indigestible food and by re-enforcing the lining of the stomach, enabling it to thoroughly mix the food with the gastric juices. This cures stomach trouble, promotes digestion, sweetens the breath, stops belching and fermentation. Heart action becomes strong and regular through this process.

Discard drugs, as you know from experience they do not cure stomach trouble. Try a common-sense (Nature's) method that does cure. A soothing healing sensation results instantly.

We know Mull's Anti-Belch Wafers will do this, and we want you to know it.

SPECIAL OFFER.—The regular price of Mull's Anti-Belch Wafers is 50c. a box, but to introduce it to thousands of sufferers we will send two (2) boxes upon receipt of 75c. and this advertisement, or we will send you a sample free for this coupon.

A Trite Reply.

A girl in Gaylord, Kan., was told by one of her admirers that, if she didn't marry him, he'd get a rope and hang himself right in front of her house.

"Oh, please don't do it, dear," she said, "you know father doesn't want you hanging around here."

A Big Sounder.

One invention sometimes makes another necessary. A gramophone which can be heard a distance of three miles is the latest. Now, what is needed is a sound deadener with a three-mile range, to smother the noise of the gramophone.

They Met a Bear.

Ernest Orsborn and Bud Arnold, of Comptche, report one of the closest calls of the season in a bear fight.

For some time a large bear has been bothering their stock, and they had made several ineffectual attempts to find Bruin, but could not locate him.

This week they started out and got the track on Big River, near the Horse opening.

While they were waiting for the hounds and sitting comfortably on a log, something appeared behind them and knocked Orsborn's gun out of his hand. Before he had recovered from his surprise he was engaged in a hand-to-hand encounter with the bear, which had doubled on the dogs and come back on the hunters.

One blow of the bears paw broke the gun in two and bent the barrel. The fight was so fierce that Arnold had to wait several minutes before he dared to risk a shot, for fear of killing his companion. Orsborn finally begged him to shoot anyway, as he said he would rather be shot than killed by a bear. Fortunately Arnold was able to hit the bear, the bullet just grazing Orsborn's arm, and the combatants rolled over on the ground. The bear was one of the biggest ever killed in that section.—San Francisco Chronicle.

The Kaiser's Tip.

The Kaiser is popularly supposed to be economical. It is not generally known that he pushes his principles of economy to absolute niggardliness.

It will be remembered that he visited Constantinople some time back and was received with unexampled magnificence and inundated with handsome presents. During his stay in the Ottoman capital the Emperor's aide-de-camp was instructed by his imperial master to distribute such gifts as were usual among the servants attached to his person.

He offered a dollar to the head coachman. The latter without a moment's hesitation returned it.—The Tailor.

## GRANTS AUTHORITY

Southern States Want Uncle Sam to Control Fever.

## GERMANE RESOLUTIONS

All White Men Invited to Come South and Become Citizens of States Represented in Text of Immigration Resolutions.

At Chattanooga, Tenn., Friday, fourteen southern states, through their governors, senators, congressmen and other representative citizens, made their wishes known as to the relations of state to the federal government in the matters of quarantine and of immigration.

Throughout the conference spirited debate was almost uninterrupted as to the constitutionality of federal control of interstate health matters. Governor Vardaman of Mississippi was a firm advocate of the construction of state rights, which should prevent the interference of federal authority in state affairs. Governor Blanchard of Louisiana declared that the doctrine of state's rights could have no place in the argument. He insisted that the federal constitution plainly makes it the duty of federal government to exercise such functions. Many leaders had many followers.

Congressman John Sharp Williams presented a report which was adopted with but one dissenting voice, that of Senator Mallory of Florida. The resolutions follow:

"Resolved, That we, the delegates from Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, Maryland, North Carolina, South Carolina, Tennessee, Virginia and West Virginia, hereby respectfully request the senate and house of representatives in congress assembled to enact a law whereby coast maritime and national frontier quarantine shall be placed exclusively under the control and jurisdiction of the United States government, and that matters of interstate quarantine shall be placed under the control and jurisdiction of the United States government, acting in cooperation with the several state boards of health.

"Resolved, second, That we urge upon the legislatures of the several southern states that they enact quarantine regulations as nearly as possible in accord and conformity as hereafter enacted. We furthermore urge the governors of the said several states, with this object specifically in view, to call the attention of the legislatures of their respective states to the wisdom and the policy of this course."

Congressman E. J. Powers of Mississippi, chairman of the immigration committee, presented the report of that committee, which was adopted by the unanimous vote of the convention. The resolutions were as follows:

"Whereas the states represented in this conference and the whole south are possessed of limitless resources, agricultural, mineral and timber lands;

"Whereas, desirable immigration is needed in order to develop these resources, and,

"Whereas, we desire to settle with us all white persons who are willing to subscribe to our laws and who appreciate and love the genius of our institutions, now therefore be it

"Resolved, That it is the sense of this conference that it does hereby greet and welcome to our midst all industrious and upright white persons from any of the European countries, and from all sections of the United States who wish to make their homes with us to assist in the development of our resources and the advancement and multiplication of our varied enterprises and industries. Be it further

"Resolved, That we repudiate and denounce as untrue any and all rumors and slanders that may have been circulated to the effect that the south is unfavorable to honest and industrious white immigrants.

"Whereas, the president of the United States has recommended to congress the passage of certain changes in the present immigration laws of this country with a view of making it more difficult for the pauper and criminal classes to enter our country.

"Resolved, by this conference of representative men of the south, That we hereby endorse and approve these recommendations and request all of the senators and representatives of the southern states to aid in securing the passing of such amendments to existing immigration laws as will tend to obtain the objects sought.

AMENDMENT BADLY DEFEATED.

## VETERANS OF GEORGIA

Hold Record-Breaking and Enthusiastic State Reunion in Macon. Wiley Elected Commander.

Thursday at Macon was the greatest day in the history of reunions of Georgia veterans. There has never been such a gathering of these men of the civil war of Georgia in any one city. Officers and prominent members state that not less than 3,000 men who wore the gray were in Macon.

Early Thursday morning camp after camp came out from their quarters and prepared for the day's exercises. By 10 o'clock they had gathered at the city auditorium for the business meetings. Many important matters were briefly disposed of, and the meeting was adjourned.

The race for commander terminated in the choice of General C. M. Wiley of Macon. There was no opposition. General West of Atlanta and his friends declining when the nominations were made. There was no other name presented than that of General Wiley, and with one voice he was placed in the highest office in the Georgia division. He succeeds General P. A. H. McHashan of Savannah.

Division commanders as chosen are: For the eastern brigade, General Jno. M. Clark of Augusta; the western General Cobb of Americus; southern brigade, General Sweat of Waycross, and for the northern, General A. J. West of Atlanta.

There was little difficulty in choosing a meeting place for the year 1906. Griffin asked for the reunion, but upon the invitation from the Confederate Veterans' Association and the McLaws camp of Savannah the next meeting place fell to that city.

Governor Terrell and members of his staff arrived in Macon Wednesday night and were the guests of the veterans Thursday, as well as of the city. Soon after the opening of the business meeting at the auditorium, he was introduced to the large gathering and made a stirring address. He was enthusiastically received and his tribute to the men of the south in the civil war won the old soldiers in great style. He spoke for only a brief period.

At noon the grand parade of all the veterans, the local military, the governor and his staff and General McHashan and his staff began, and was an imposing spectacle.

## SHERIFF SAVES PRISONER.

Atlanta Mob Sought to Lynch Negro Assailant of White Woman.

After being identified by Mrs. Geo. W. Moore of Atlanta as the negro who had assaulted her, Jim Walker, brought as a prisoner from Fairburn, Ga., Thursday morning, came near being lynched by a crowd of angry citizens. For more than an hour there was a scene of the most intense excitement on the Peachtree road, between the Moore home at Brookwood, and the spot where preparations were made to hang the negro.

The rude gallows had been erected, the knot had been tied, the noose placed on the negro's neck and the other end of the rope thrown over the cross-beam of the gallows when Sheriff Nelms appeared on the scene with a deputy and three county policemen.

Amid a crowd that seemed bent on taking the law into their own hands, while pistol shots were fired and cries of "Kill him," "Shoot him," "Lynch him," rent the air, the sheriff and his small posse rescued the prisoner, threw him into an automobile and made all speed to the city and to the Atlanta tower, where the negro was placed in a cell.

George Moore, the husband of the negro's victim, counseled forbearance on the part of the citizens, and his sons later made the same plea for the law to take its course, as they had previously promised the sheriff that the prisoner would not be harmed.

WILL BENEFIT WHOLE SOUTH.

Manufacturers' Record on Great Atlanta Exposition in 1910.

The Manufacturers' Record congratulates the south that Atlanta, with that remarkable intuition which throughout its whole history has enabled it to do the right thing at the right time, plans to hold a southern exposition in 1910. The very suggestion of such a plan should stimulate not only the people of Atlanta, but the people of the entire south, to an appreciation of the magnificent opportunity which such an exposition will present.

GRAY VETERANS GATHER.

Host of Old Georgia Warriors Assemble in Macon for Reunion.

Wednesday at Macon, Ga., marked the beginning of possibly one of the greatest reunions ever witnessed by the confederate veterans comprising the state division. More than 3,000 people were in the city to attend the exercises of the two days of the reunion.

## SHAME ON WILSON

Cheatham Scores Head of the Agricultural Department.

## COTTON REPORT A FRAUD

No Necessity Existed for Statistics Issued the Past Week, When "Condition" of Crop is Beyond Any Possibility of Calculation.

Richard Cheatham, of Atlanta, Ga., secretary of the Southern Cotton Association, and who uncovered the disclosures being made in the government cotton crop reports, whereby officials and speculators were using advance information to buy or bear the cotton market, is quoted by the New York Herald, as having severely criticized the report of the cotton crop issued Friday from Washington, in which the condition of the crop on November 1 was stated to be 68.8.

"The most absurd piece of 'spite work' ever attempted was the issuing of the crop report Friday by Mr. Wilson, the secretary of agriculture. In this report he announced the condition at 68.8. Now, there is no sane man who ever saw a cotton stalk who does not know that on November 1 and November 10 it is not only far beyond the fruiting or bearing stage, but in nearly every case is entirely void of foliage of every kind.

"It has passed far beyond the increasing stage. Its condition, so far as conditions are recognized in reports, is the same as on October 1 previously. For Secretary Wilson to make a report on 'condition' of November 1 is to assist in the operation of the bear speculators to hammer the price of cotton down.

"I say to Mr. Wilson: 'Shame, shame, shame!' on him and the men who assisted him in this attempt at spite work against the cotton producers of the south. It is a final effort to 'get even,' and the attempt will result in sure discomfiture for the department of agriculture before the session of the next congress is far advanced. That there will be an investigation of this department by congress and an uncovering of matters now concealed, by which all previous disclosures will pale into insignificance, I do not for an instant doubt.

The Southern Cotton Association in its bulletin of the crop issued on October 31 estimated the crop for 1905 at 9,446,341 bales, a smaller production than Friday's estimate of 63.3 would promise.

SIX YEARS FOR CUNLIFFE.

Adams Express Robber Receives Sentence in Pittsburgh Court.

Edward G. Cunliffe, the express money clerk, who, on October 9, stole \$101,000 from the Adams Express company agency in Pittsburgh, Pa., and whose flight and capture ten days later attracted attention of the entire country, was sentenced by Judge Jas. R. McFarlane in criminal court Saturday to two terms of three years in the western penitentiary and two fines of \$100 each and all costs of the prosecution on two charges of larceny, making a total term of six years' imprisonment.

When the prisoner was asked if he had anything to say Cunliffe replied:

"All I can ask is a little clemency for the sake of my poor family and folks. I was never before in any trouble and have always been honest and upright, with a good disposition and used my best efforts in the interests of the company. I don't know what impelled me to take the money. Five minutes after it was in my possession I would gladly have put it back. I have always lived an upright life and do not know what possessed me to take the money."

When asked by the judge as to the whereabouts of the rest of the money he said:

"I know no more about it than any other man in this court."

YELLOW JACK IN HAVANA, CUBA.

Three Cases Under Treatment in the Hospital—Dr. Gutierrez in Charge.

An examination at Havana Saturday of a Spaniard who is ill in one of the city hospitals, developed the fact that he had yellow fever. This makes three cases so far under treatment. Dr. Gutierrez, who is in charge of the yellow fever hospital, is very hopeful that the spread of the fever will be checked.

The health authorities say they are certain that the disease entered Havana in a mild form from the United States and Mexico.

BIG BLAZE IN PENSACOLA.

Flames Sweep Business Block, Entailing Heavy Losses.

Fire, Tuesday night, in Pensacola, Fla., entailed a loss of over \$100,000. The fire broke out at 12:45 a. m., in the principal block of the city, on Palafox street.

In the section burned the largest stores in the city are located, along with the Osceola Club.
